

Perspective Planning Division

The Perspective Planning Division of the Planning Commission desires to engage consultants for mathematical model building. The models are nationwide, with regional and class specification and have to be based on input output model, econometric models and computable general equilibrium models. Persons with sufficient experience in the field of statistics and econometrics and particularly in the running of any of these types of models would be preferred. Besides, the experience of analysis of National Sample Survey data, which also involve knowledge of software packages such as STATA would be an additional qualification.

The consultants can be engaged in any of the following terms:

- (a) Full time consultant, salary ranging from Rs. 14000/- to Rs. 26,000/- per month, (consolidated).
- (b) Part time consultant, salary is half of the amount paid to the full time consultant.
- (c) Consultant may be engaged for conducting specific study. The amount to be paid in this case may be decided mutually.

Applications may be forwarded to:
