

Meeting of Secretary, PC with Health Secretaries of NE States on Universal Health Coverage

Health Division, Planning Commission

9.1.2014

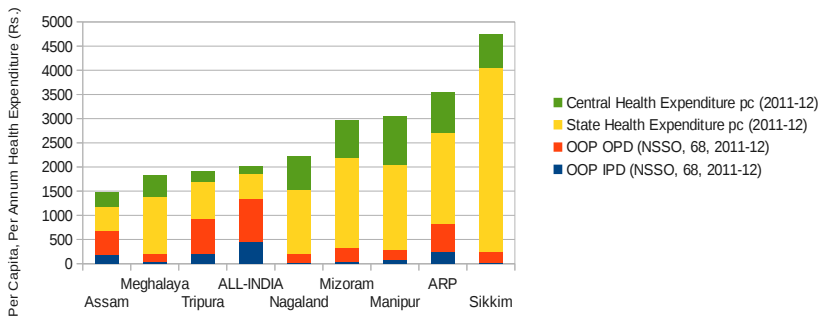

How are we doing ?

IMR in NE States (2012) & 12th FY Plan Goal (2017)

How much is total spending on Health ?

Components of Health Expenditure (Per Capita, Per Annum)

What is the extent of RSBY Coverage in the region ?

RSBY Coverage in NE States

Possibility that UHC offers (video clip from WHO)

- UHC Goal: Ensure that all people obtain the health services they need without financial hardship

Building Blocks for UHC

- HR: Sufficient, well-trained, motivated health workers
- Access to essential medicines: access, STG, prescriptions
- Financing systems: pooling of available funds, priority to primary care
- Health Information Systems: Civil Registration System
- Public Health system: Assured package of services of quality
- Effective Governance: Accountability, Regulation, Convergence, PRI oversight

UHC Pilots Concurrently with System Strengthening

- Gather capacity in SHS, DHS: Involve local medical college, SHRC
- Assess Funds available: Pool resources
- Frame **Essential Health Package** covering OPD and IPD
- UHC Plan under PIP: Upgrade facilities to IPHS, fill HR gaps, medicines
- Identify service providers: All public facilities, contracting-in, contracting-out
- Frame payment rates and norms: Reimbursement (Raj.), Capitation
- Define *database* for resident families: e.g. RoR, Aadhar
- **Smart cards** to families: Build on RSBY, Aadhar
- Build robust MIS on existing frameworks
- Build in checks and balances to counter fraud, monitor quality
- Community oversight and grievance redressal system

Thank You and Look Forward to State's Presentations
